

Addressing Bullying Policy

Statutory Context & Guidance

It is a duty placed on Boards of Governors in Northern Ireland, to ensure the school has an effective Addressing Bullying Policy and practices aligned to the Addressing Bullying in Schools (NI) Act 2016 which commenced in schools September 2021.

This Addressing Bullying Policy takes account of key legislation and is informed by DE Guidance, EA/CCMS publications and the international context (*Appendix 1*).

Section 1: Statutory Context & Guidance

Introduction

At St Eugene's Primary School, Victoria Bridge we acknowledge that bullying type behaviour exists in schools and wider society and can impact on the lives, mental health, and well-being of those involved. This policy aims to help create, maintain, and embed a culture where everyone agrees that bullying type behaviour is unacceptable.

In our school we believe that safeguarding our pupils is paramount and the responsibility of all stakeholders. We promote a safe, inclusive, and relational school environment where concerns of bullying type behaviour may be shared and addressed, and where pupils are supported within the context of Article 19 Measures to Prevent Bullying, Education (NI) 2003 and the 2016 Addressing Bullying in Schools Act (N.I.) *(see appendix 1)*.

The purpose of this policy is to:

- define bullying type behaviour
- summarise rights, roles and responsibilities
- explain preventative measures
- clarify processes used for reporting, recording, and responding
- outline monitoring and review processes

The policy is applied where concerns of alleged bullying type behaviour between pupils have been reported. For other concerns regarding bullying type behaviours please refer to the school complaints procedures or associated policies which are aligned DE Circular 2016/08 Public services ombudsman (NI) Act).

The Addressing Bullying Type Behaviour Policy applies:

- while students are on school premises during the school day
- while the pupil is in the lawful control or charge of a member of the staff of the school e.g. during extra-curricular activities, school excursions etc.
- Education provision arranged on behalf of the school and provided away from the school premises e.g. Another school in the Area Learning Community, Alternative Educational Providers/Education Other than at School centres, Home (Exceptional Teaching Arrangements)

Ethos and Values

At St Eugene's Primary School our entire school community share the following principles, which we live by, model and promote throughout each school day:

- We are committed to a society where children and young people can live free and safe from bullying.
- We believe in a society where bullying is unacceptable and where every child and young person is safe and feels safes from bullying.
- * We believe that every child and young person should be celebrated in their diversity.
- We are committed to a preventative, responsive and restorative anti-bullying ethos across the whole school.
- ★ We value the views and contributions of children and young people, we will actively seek these views and we will respect and take them into account.

✤ We understand that everyone in our school community has a role to play in taking a stand against bullying and creating a safe and welcoming environment for all.

Links to Other Policies

This policy should be read in conjunction with SEND, Safeguarding, Inclusion, and the wider suite of Pastoral Care policies available on the school website or from the school office by request. These policies include but are not limited to:

Safeguarding and Child Protection Policy	Staff Code of Conduct/Staff Handbook
Pupil Attendance Policy	(Positive) Behaviour Policy
Health and Safety Policy	Online Safety Policy
Special Educational Needs Policy	Educational Visits Policy
Relationships and Sexuality Education	Pastoral Care Policy
Equality and Inclusion	Visitor Policy

Consultation

We value and respect the views and contributions of our school community. Therefore, as part of this policy development and review, and in compliance with Article 19 of the 2003 Education (NI) Order and the 2016 Addressing Bullying in Schools Act (N.I.), we have consulted with pupils, parents/carers, and staff.

- Pupil consultation involved; focus groups, assembly, and feedback from pupil council.
- Parents & carers consultation involved: survey/questionnaire voice.
- Staff consultation involved: sharing of draft policy and focus staff session.

Section 2: What is Bullying Type Behaviour?

'The Addressing Bullying in Schools Act (N.I.) 2016' provides schools with a legal definition which *must* be used by all schools to assess reported concerns of bullying type behaviour.

Addressing Bullying in Schools Definition of "bullying"	
(1) In this Act "bullying" includes (but is not limited to) the repeated use of —	
 (a) any verbal, written or electronic communication, (b) any other act, or (c) any combination of those, by a pupil or a group of pupils against another pupil or group of pupils, with the intention of causing physical or emotional harm to that pupil or group of pupils. 	
(2) For the purposes of subsection (1), "act" includes omission.	

<u>TRIP</u>

While the legal definition, as set out in the Act, is the primary definition, we also use the mnemonic **TRIP.** This helps to build a shared understanding across our school community of the difference between socially unacceptable and bullying type behaviour.

Socially unacceptable behaviour becomes bullying type behaviour when, after clarifying facts and perceptions, **TRIP** is confirmed:

Т	When the behaviour is <u>T</u>ARGETED at a specific pupil or group of pupils.
R	When the behaviour is <u>R</u>EPEATED over time.
I	When the behaviour is deliberately INTENDED to cause harm.
Р	When the behaviour causes PSYCHOLOGICAL/EMOTIONAL and/or PHYSICAL harm.

Although incidents usually involve **repetition**, a **one-off incident** may be classified as bullying type behaviour through consideration of the following criteria.

- severity and significance of the incident (See appendix 4)
- evidence of pre-meditation
- psychological/physical impact of the incident on the individuals and/or wider school community
- previous relationship(s) between those involved.
- any previous incident(s) involving the individuals.

A **one-off electronic communication** can constitute bullying type behaviour through repeated viewing and unwanted sharing of a post. The 2016 Act requires school to consider whether a pupil(s) **intended** to cause harm when determining if the incident(s) meets the legal definition. In this school, we will consider the following when assessing **TRIP**.

The pupil(s):

- capacity to regulate and understand the impact of their behaviour
- developmental age
- additional, educational, special, physical, or medical needs
- behaviours displayed/presenting profile (diagnosed or undiagnosed e.g. Social Behaviour Emotional Wellbeing, Autism, Attention Deficit Hyperactivity Disorder, Moderate Learning Difficulties etc.)
- individual circumstances e.g. trauma profile, safeguarding concerns, family circumstances and resilience

Omission will be considered when addressing bullying type concerns. This is where a pupil(s) is or are wilfully excluded from a game, activity or group work etc causing potential **psychological harm**. Pupils do not have to be friends in this school, but friendly.

<u>Language</u>

We recognise that all behaviour is communication and should be addressed through a learner centred lens for those who display *and* experience socially unacceptable or bullying type behaviour. We will address all behaviour in a relational, solution focused manner aligned to Safeguarding and SEND.

When discussing allegations of bullying type behaviour, we use language that is aligned to the Addressing Bullying in Schools Act (NI) 2016, and other relevant legislation and guidance *(see appendix 1)*. We refer to the behaviour not the pupil and use the following:

- pupil displaying bullying type behaviour rather than the 'bully'.
- pupil experiencing bullying type behaviour rather than the 'victim'.
- socially unacceptable behaviour rather than 'bad behaviour' or 'serious/gross misconduct etc'

Any incident(s) which do not meet the legal definition and TRIP criteria will be addressed under the Positive Behaviour, Special Educational Needs, Child Protection, Safeguarding, Pastoral and Inclusion and Diversity policies. (Please see the parent and pupil guides in appendix 6).

Journey To and From School

The Act outlines a statutory requirement for schools to implement measures to prevent and address bullying type behaviour for pupils whilst travelling *to and from school*. To this end, in our school we:

- Address safeguarding concerns reported in relation to travel to and from school.
- Provide timely support and intervention.
- Reinforce positive and upstanding behaviour expectations through the preventative curriculum.
- Engage with student voice about experiences on the journey to and from school.
- Promote and develop a culture where all pupils respect the rights of others to travel safely.
- Communicate consistently the expectation to include and respect individual rights and diversity.
- Ensure effective communication with transport providers for early identification and response to reported concerns.

Electronic Communication

The Addressing Bullying in Schools Act enables school to take steps to help prevent and address online bullying type behaviour involving registered pupils during term time. We acknowledge that negative online behaviour occurring either in or out of school hours, can harm a pupil's education and emotional well-being, and we will support affected individuals. At St Eugene's Primary School, we are committed to supporting our pupils to use the internet safely, responsibly, and respectfully.

The Addressing Bullying Policy is one of several school policies that address electronic behaviour and are reviewed in response to technological developments. As such, follow up is aligned to the wider policy suite.

In St Eugene's PS we aim to prevent electronic bullying type behaviour by:

- Addressing key themes of electronic online behaviour and risk through curriculum content.
- Engaging with statutory and voluntary sector agencies and resources (e.g. Safeguarding Board NI, PSNI, Public Health Agency, Safer Schools App) to support the promotion of key messages and online safe digital use.
- Participating in Safer Electronic/Online/Cyber Campaigns to promote key messages.
- Addressing reported safeguarding concerns in relation to the misuse of electronic communication and provide timely support and intervention.
- Creating, agreeing and implementing an Acceptable Use Agreements see DE Circular 2016/27
- Ensuring all staff regularly have on-line safety training.

Section 3: Methods and Motivations of Socially Unacceptable or Bullying Type Behaviour

The following are methods of socially unacceptable behaviours which, when *targeted*, *repeated*, *intentional* and causing *psychological/physical* harm, may be considered as bullying type behaviour:

Physical Acts	Physical - negative physical contact, material harm such as damaging or
	taking possessions without permission
Verbal or Written acts	Verbal or written - unpleasant comments, written, verbal, gestures.
Social/Relational	Negatively influencing the actions of others to cause psychological or physical harm
Omission (Exclusion)	Excluding someone/others from e.g. game, activity, group work etc
Electronic Acts	Misuse of online platforms or other electronic communications to cause psychological upset

(Please note the list is not exhaustive)

Our school acknowledges various motivations for bullying type behaviour which we address through our preventative curriculum and responsive approaches. This includes all identity or prejudice motivated bullying type behaviour related to those characteristics protected through Section 75 of the Northern Ireland Act 1998. Motivations include but are not limited to:

Ability	Economic Status/FSM
• Age	 Gender/Gender identity/Perceived
Appearance	Gender
Child Looked After (CLA)/Care	Newcomer/Migrant Status
experienced.	Peer relationship breakdown
Community background	Political affiliation/sectarianism
Cultural	Race
Disability	Religion
• SEN	Sexual orientation
• Family circumstances (pregnancy,	Other
marital status, young carer status)	

Section 4: Rights, Roles and Responsibilities

In this school, we believe that all members of our school community have the right to be educated in a safe, supportive, learning environment. We acknowledge that all members of our community have a role to play and responsibility to prevent and address bullying type behaviour.

Please see appendix 5 which is a table of identified rights, roles, and responsibilities and/or schools should list below any general rights, roles and responsibilities of staff (including teacher and support staff), pupils and parents agreed within the school setting.

The teaching staff have been assigned specific responsibility within their role for oversight of the implementation of the Addressing Bullying Policy and associated practices aligned to Safeguarding and SEND legislation. They will support the Principal and Board of Governors with the ongoing review processes.

Section 5: Preventative Measures

The Addressing Bullying in Schools Act (N.I.) 2016, requires schools to focus on preventative measures to help reduce bullying type behaviours. The focus of this section is to set out the approaches taken by our school to help prevent bullying type behaviour effectively.

In St Eugene's PS we scaffold and promote a positive, relational learning environment where all members of the school community feel safe, included and valued. Our preventative measures help avoid bullying type behaviour and contribute to support plans for pupils. They are evident in all domains of school life and include, but are not limited to:

Whole School	Classroom
 SEND, Addressing Bullying, Positive Behaviour, Safeguarding, Pastoral Care, Inclusion & Diversity policies. Visible school ethos e.g. essential agreements, displays, visual cues, celebrations, positive expectations. Peer/Student Leadership Teams Adults modelling inclusive language, and positive relationships. Restorative Practice approaches embedded through staff training and complimentary resources. Trauma Informed and Nurture Principles Celebration of diversity, equity, and inclusion Parent education e.g. newsletters, leaflets etc Shared education projects, events, assemblies, key campaigns e.g. anti-bullying week. Wellbeing assessment data e.g. GL PASS Verbal Wellbeing Programme 	 Curriculum: PDMU/RSE Cross-curricular activities E-safety and digital citizenship Social Emotional Learning Circle-time. Physical/sensory environment regulation checklists Relevant literature and resourcing exploring related concepts and themes e.g. empathy, inclusion, diversity, problem-solving, relationships, resilience etc. Collaborative Learning/Problem Solving and Conflict Resolution Agile groupings and seating arrangements Online apps and resources

Non-Classroom Peer • Supervision and transition arrangements • • Social and extra-curricular opportunities • • Professional Development/Training (including for non-teaching and supervision staff) •

- Playful unstructured time outdoors
- Play/art and other therapeutic approaches.
- Designated quiet/reflective/nurture/activity zoned spaces
- Enhanced structure during unstructured times e.g. breakfast club, jobs, lunchtime clubs, after school clubs
- Structures to facilitate reporting concerns e.g. thought/worry box.

Peer Support

- Student Leadership e.g. student council and eco-committee
- Buddy bench
- Playground Pals
- Peer Mediation/Problem Solving

Professional Development of Staff

In St Eugene's PS we recognise the need for effective, updated, and ongoing training for all staff within our preventative measures. As such, we are committed to:

- ensuring that all staff and Governors complete relevant Safeguarding, Child Protection, SEND and Addressing Bullying in Schools training, including those provided by the Education Authority.
- reviewing and amending the content of the Addressing Bullying Policy following training, complex case review or as directed by Department of Education.
- keeping and regularly updating continued professional development records.
- All our teaching and support staff have completed the EA Addressing Bullying in Schools foundation training as part of this policy review.
- Key leadership staff have completed EA Addressing Bullying in Schools leadership training.
- All members and/or lead Governors with overall responsibility for the development and review of the Addressing Bullying Policy have completed EA Addressing Bullying in Schools training.

Section 6: Statutory Systems and Processes for Reporting, Responding and Recording.

As a school we recognise that reporting a concern of bullying type behaviour can be difficult. For this reason, we have systems in place to enable pupils, parents, and any other person to share concerns discreetly and efficiently with a trusted adult. All concerns of bullying type behaviour will be responded to in line with legislative processes as outlined in this policy.

Pupils Reporting a Concern:

Pupils may report bullying type concerns in the following ways:

- Verbally sharing with a staff member
- By writing a note to a staff member
- Placing the concern in the 'Worry/Thought Box'

All pupils are encouraged to share concerns regarding socially unacceptable or bullying type behaviour that they experience, display or witness. They should not view this as 'telling' but rather 'talking about concerns' with the emphasis on 'getting help'.

Parents/Carers or Others Reporting a Concern:

In the first instance, parents/carers or others report concerns to their child's class teacher in one of the following ways:

- Speaking with the Class Teacher through agreed channels e.g. by requesting a telephone call back via the school office
- By writing a note to a Class Teacher

Please note, in accordance with our code of conduct for parents, teachers will not use email to communicate with parents. We do not advise parents to send confidential information regarding concerns of bullying type behaviour to the general school email address.

Should you continue to have concerns following contact with your child's class teacher, please contact the Principal (stepped response).

Responding to and Recording a Bullying Type Concern

It is the responsibility of all staff (including teachers, teaching assistants, wider support staff, office staff, supervisors etc) to report any bullying type of behaviour concerns. All allegations of bullying type behaviour will be responded to using the Statutory Process Flowchart (see appendix 2) recorded digitally on a Bullying Concern Assessment Form (BCAF) Chart (see appendix 3) and stored on the school data management system (EDIS). Records will be maintained in line with our Data Protection Policy in a private folder within central records, password protected and open only to key personnel.

Upon receipt of a concern of bullying type behaviour, designated staff will:

- Clarify facts and perceptions.
- Check records and previous assessments.
- Collaboratively assess the incident using the T.R.I.P. criteria (Record on BCAF Part 1).

Where bullying type behaviour has been confirmed and in consultation with pupils involved and their parents/carers. Designated staff will ensure that parts 2-4 of the BCAF are completed will:

- Identify methods and potential motivating factors (Record on BCAF Part 2).
- Identify relevant level of support and intervention (Levels 1-4).
- Select appropriate support and interventions (see appendix 4) for all pupils involved (Record on BCAF Part 3a for the pupil experiencing and 3b for the pupil displaying).
- Ensure selected approaches are aligned to and in the context of wider safeguarding, SEND, Equality and diversity, and positive behaviour policies.
- Implement, track, monitor and record effectiveness of supports and interventions (BCAF Part 3).
- Review outcome of interventions (Record on BCAF Part 4).
- Select and implement further interventions as necessary.
- Based on the level of progress, revisit BCAF Parts 3a and 3b or proceed to case closure.

Please note details of support and intervention plans cannot be disclosed to anyone other than that pupil and their parents/carers.

Section 7: Monitoring and Review of Policy

The Act places responsibility on the Board of Governors, in consultation with the principal, to monitor the effectiveness of the Addressing Bullying Policy. To this end, the Board of Governors will:

- maintain a standing item on the agenda, under Safeguarding, where a report on bullying type behaviour is presented by the principal (see appendix 7).
- appoint a lead Governor to liaise with the principal.
- minute the number of incidents including methods, motivations and how they were addressed
- identify trends and patterns to inform future policy and practice development and review.
- record written responses to relevant pupils, parents/carers when appropriate.

The Addressing Bullying Policy will be reviewed in consultation with all school community stakeholders:

- at intervals of no less than four year or
- following any complex incident which highlights the need for such a review,
- when reviewing other associated policies, such as the Safeguarding Policy and the Positive Behaviour Policy
- in response to a recommendation by the Education and Training Inspectorate
- following new guidance as directed by the Department of Education.

A copy of this policy is available online at <u>www.steugeneps.com</u>. Parents/carers can also request a hard copy by contacting the school office on 028 8165 8439.
